New built residential complex, pre-estimated to be finished in the last quarter of 2027, with very refined architecture. It stands out for the elegance of its design, opting for white, which integrates it entirely into the Mediterranean environment without abandoning a contemporary image of clean and fluid lines. It has large, well-laid-out interior spaces with large glazing to ensure natural light. Light, climate and comfort combined in a top-quality development.

The development is made up of 5 three-storey blocks with 2, 3 & 4 beds apartments distributed in:

- Ground floor with a garden and possibility of a private pool
- Middle floor

South-facing with a solarium & terrace of 400m<sup>2</sup>
