The development features a communal outdoor pool with sun-lounger areas for relaxation. The pool is finished with glazed glass mosaic tiling and includes an infinity edge and overflow system, as well as a saltwater electrolysis system for more natural water maintenance.

There is also a poolside bar with tables arranged for residents' enjoyment and relaxation.

The indoor gym is equipped with training machines, changing rooms, and direct access to the spa area, which includes a heated pool with the Munich system, as well as a sauna, jacuzzi, and massage room.

The outdoor gym provides all necessary equipment for exercising in the open air, along with recreational and leisure areas for enhanced enjoyment.
