The serene life offered by these new properties is a unique experience. Sixty-nine townhouses starting with a first phase of 23 units. Their architecture reinvents the traditional Andalusian style. A carefully chosen south-facing orientation and breathtaking views of the Mediterranean sea complete a development next to one of the most prestigious golf courses in the area, the El Chaparral Golf Club.

The spacious terraces are much more than just an outdoor space. Their smart design allows for a fluid and harmonious connection between the interior and exterior spaces, making them the perfect place to enjoy the spectacular sea views and experience the serenity and peace that Andalusian life offers.
